Please enclose copies of ESA Exam certificates/Suzuki qualifications from other regions/other musical or professional qualifications.

On acceptance of membership, an invoice and payment details will be sent to you.

European Suzuki Association

Individual Associate Membership

APPLICATION FORM

Individual Associate Membership

For those who live in a country which has no National Suzuki Association, Individual Associate Membership of the ESA is available, and should be obtained by all practising Suzuki Teachers who teach in such countries.

Associate Membership of the ESA automatically gives Individual Affiliate Membership of the International Suzuki Association (ISA).

The ISA is the owner of the Suzuki Name and Trademark.

Only those who are Affiliate Members of the ISA are entitled to use the Suzuki Name, and only qualified teachers are permitted to call themselves Suzuki teachers.

In the event of a new National Suzuki Association being established, existing Individual Associate Members are required to join the new National Association and Individual Membership will no longer be available.

Individual Membership Levels

ESA has several different levels of membership which relate to ESA examination levels.

A members	Suzuki teachers qualified to ESA level 5
B1 members	Suzuki teachers qualified to ESA level 3 or 4
B2 members	Suzuki teachers qualified to ESA levels 1 and 2
B3 members	Teachers with no formal Suzuki qualification
C members	All other members including parents of Suzuki students

Only A, B1 and B2 members or those with equivalent qualifications from other regions which have been validated by the ESA Board, are entitled to describe themselves as Suzuki Teachers.

Membership fees

£42 per person

Reduced payments for individuals who live in a Country with low GNI (Gross National Income)

The ESA offer a scheme whereby individuals who live in a country with a weak economy, lower salaries and exchange rates, are asked to pay only a weighted amount of membership costs.

The calculation is based on the World Bank's GNI PPP (Purchasing Power Parity) index, updated annually.

In practice this means that some individuals only pay 40 - 60 % the fees due.
