DEVELOPMENT OF PIANO IN ESA REGION

Under the current circumstances, Ukrainian Teachers are travelling and participating in the Polish Teacher Training Course.

There will be a new TT course beginning in Turkey in 2025 with Anna Sibley

In Greece there is no continuation of any piano work, one trainee applied to begin training in the UK.

European Suzuki Piano Days has been instigated to invite and involve all Suzuki piano teachers from throughout the entire ESA for October 18/19 2025 in Riga, Latvia.

The goal is to encourage all the piano teachers into the mindset of continuing their learning and self-development (especially those at lower levels.) The idea is to create an environment of inclusion and encouragement whilst learning together. The aim is to also address the current issues unique to the members of the piano community. A committee of 4 teachers from around Europe, Michelle Post, Anna Sibley, Kristine Ravine, and Sylvain Pénard are working together to bring this to fruition.
